I expected changes with agenda, it always seems to happen. However, with the changes I may not be prepared to answer all the questions and comments. If we are listening only than its OK, but we may have to change the letter again after the meeting based on what CRW says tomorrow. Also, please stress to Jen that PADEP Central Office feels they are being ignored and have not been consulted with the agenda. It might be helpful if someone give Maria a call.

Hi Charlotte- Please see the draft agenda, that provides CRW with an opportunity to present the newest modeling effort. The second bullet details the goals of the LTCP, which we'd be looking for in the revised effort. Please review and add any items that you would like to discuss.

Thanks

Jen
